

Site survey works in House Creek, Wodonga

10 - 14 February 2025

Homes Victoria is building more and better homes in the House Creek neighbourhood, Wodonga.

We will be carrying out site surveying works in **Schlink, Hereford and Carkeek Street** to prepare for the new homes.

You may see some activity in the neighbourhood, including contractors and people in hi-vis working in the area.

All works will be compliant with WorkSafe Victoria and EPA Victoria regulations.

10 – 14 February 2025

8:00am – 5:00pm

Activity	Details	What to expect
Site surveying	Measure existing ground levels, building heights, and locating underground services, including sewer, gas, electricity, telecommunications and water.	Contractors in hi-vis will be using surveying tools such as tripods and GPS equipment around the neighbourhood. No noise, dust or vibrations.

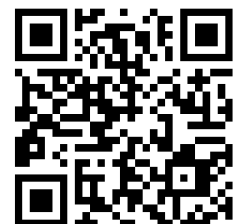

Will you need access to my house?

Contractors will not require access to any currently occupied homes. All works will be carried out in the public area.
