

Homes Victoria is delivering high-quality new social, affordable, market rental and specialist disability homes in South Yarra.

The Simmons Street housing site in South Yarra is being redeveloped as part of Homes Victoria's \$5.3 billion Big Housing Build.

This project replaces older-style dwellings with 522 well-designed new one-, 2-, 3-, and 4-bedroom homes, resulting in a 34% increase in social housing and a more diverse rental stock.

Features include a gym, cafe, bakery, retail tenancy, co-working space, multi-purpose community room, community parks and landscaped gardens, picnic area and playground, podium top terrace for residents and an on-site community housing office.

New homes at Simmons Street are being delivered through a Ground Lease Model where Homes Victoria leases land to project partner Building Communities, to finance, build, manage and maintain housing for 40 years, enabling all land to remain in public ownership. The builder at the site is ICON.

Located just 5km from Melbourne's CBD in the City of Stonnington, the Simmons Street, South Yarra housing site is ideally positioned near schools, transport, jobs, community services, shopping precincts and local destinations including the Prahran Aquatic Centre and Chapel Street.
