Brand new social housing in Flemington

As we move towards retiring older high-rise towers in your location, these homes at Victoria Street, Flemington are beautifully designed, energy efficient and conveniently located to maintain connections to your current neighborhood and community.

These homes are due for completion in late 2023 and will soon be available for you to inspect.

The Victoria Street development

These new homes make the most of the Victoria Street address, close to schools, the Racecourse Road shopping village and on the edge of the current Flemington high-rise housing site.

Further upgrades are in the planning stage at this location including more new homes and open spaces.

Community Housing Victoria Limited

These homes will be managed by Community Housing Victoria Limited who come with great experience and commitment to service. As a renter relocating from soon to be retired towers **there will be no change to your renter rights or your rent settings.**

New homes on Victoria Street, Flemington

These sustainably designed all-electric homes will be comfortable year round and cheaper to heat and cool. They will all be connected to the embedded local energy networks providing residents with best-in-market rates and 100% renewable energy.

All homes feature great natural light and ventilation, good sized storage spaces and modern appliances along with balconies or courtyards.

Relocating to a new home

We're ready to help you find a new property that meets your unique needs and keep you connected to neighbourhood and community.

You might be interested in one of these homes or want to talk to someone about the relocation process or other options.

Email us at relocationsteam@homes.vic.gov.au or phone **1800 716 866** or contact your local housing office.

We'll arrange a time that suits you to discuss your needs, preferred locations, and the applications process.

Family members are welcome to attend and we can also arrange interpreter support.
